

**CLAIM AMENDMENTS**

Claims 1-11 (Cancelled).

Claim 12. (Original) A pad for a plurality of air conditioning compressors, comprising:

a base member;

a front sidewall attached to said base member;

5 a rear sidewall spaced from said front sidewall and attached to said base member;

a left end wall attached to said base member and to said front and rear sidewalls;

10 a right end wall spaced from said left end wall and attached to said base member and to said front and rear sidewalls;

15 a lid spaced from said base member and attached to said front and rear sidewalls, left end wall and right end wall forming a tank, said tank having a water inlet and a water outlet, said lid having a plurality of areas of horizontal surface each for receiving a compressor of said plurality of compressors; and

means for pumping water from said tank through said water outlet.

20

Claim 13. (Original) A pad, as set forth in claim 12, including at least one leg attached to said base member and supporting said tank.

Claim 14. (Original) A pad, as set forth in claim 12, wherein said base member has a bottom surface of serpentine configuration.

Claim 15. (Original) A pad, as set forth in claim 12, wherein said base member has a bottom surface defining a

series of lands and grooves.

Claim 16. (Original) A pad, as set forth in claim 12, wherein said tank includes an access panel.

Claim 17. (Currently amended) A pad, as set forth in ~~claim 12~~ claim 16, wherein said access panel is attached to said top panel.

Claim 18. (Currently amended) A pad, as set forth in ~~claim 12~~ claim 16, wherein said access panel is attached to one of said left and right end panels.

Claim 19. (Original) A pad, as set forth in claim 12, wherein said water outlet is threaded to accept a garden hose.

Claim 20. (Original) A pad, as set forth in claim 12, including a drain.
